

### REMARKS

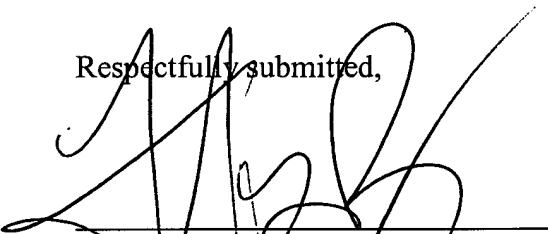

In an Office Action mailed on July 15, 2004, objections were made to the drawings; objections were made to the specification; an objection was made to the claims; claims 27 and 32 were rejected under 35 U.S.C. § 112, second paragraph; claim 1 was rejected under 35 U.S.C. § 101; and claims 25-32 were rejected under the judicially created doctrine of obviousness-type double patenting as being unpatentable over claims 1-8 of U.S. Patent , 6,654,833.

Claims 1 and 32 have been cancelled. Regarding the objections to the drawings, page 8 of the specification has been amended to refer to the display controller 43 and display 45 of Fig. 2. This amendment does not add any new matter. The specification and title have been amended to overcome the corresponding objections. Claim 30 has been amended to overcome the corresponding claim objection. Claim 27 has been amended to overcome the § 112, second paragraph rejection. A Terminal Disclaimer is being submitted concurrently herewith to overcome the obviousness-type double patenting rejections of claims 25-32.

### CONCLUSION

In view of the foregoing, withdrawal of the rejections and objections, and a favorable action in the form of a Notice of Allowance are requested. The Commissioner is authorized to charge any additional fees or credit any overpayment to Deposit Account No. 20-1504 (MCT.0066C1US).
